GO CLASSIFIED!!

Public Notice

Notice of Public Hearing (*See location change below)

Midwest Energy, Inc. (Midwest Energy) filed an application on March 2, 2011, with the Kansas Corporation Commission (KCC) requesting a retail electric rate increase. Midwest Energy has proposed an increase in retail rates totaling \$3,280,490, which it estimates will result in approximately a 2.5% blended increase across all customer rates. The requested rate increase will affect all Midwest Energy retail electric customers. Midwest Energy estimates the average bill for an M System residential class customer will increase by \$1.04 per month and the average residential bill for a W System residential class customer will increase by \$6.75 per month. The W System is comprised of all customers served by Westar Energy prior to August 15, 2003. All other customers are billed with M System rates.

Regulatory Responsibility
The KCC is a state regulatory agency charged by the Kansas Legislature with the responsibility to establish just and reasonable electric rates that are not unduly preferential or discriminatory. The KCC Staff is investigating whether the proposed rate increase is just and reasonable. The Commissioners will consider the evidence presented by Midwest Energy, KCC Staff, and other intervening parties before any determination is made. The Commissioners must issue their decision by October 28, 2011.

Public Hearing
The KCC has scheduled a public hearing concerning Midwest Energy's requested increase on June 2, 2011, from 6 p.m. to 8 p.m. The public will have the opportunity to ask questions and make comments about the proposal. The site has been changed to Room T-130 as noted below.

Public Hearing Site:
Barton County Community College
*Technical Building, Room T-130
*245 NE 30th Rd.
Great Bend, KS. 67530

The public hearing will consist of two parts. During the first part, the KCC will hold an informational meeting to allow Midwest Energy to fully explain its request to the public and answer questions. Representatives of the KCC Staff and the Citizens' Utility Ratepayer Board (CURB) will be available to answer questions; other intervenors may also be available. The second part is a formal public hearing to assure that members of the public have the opportunity to make their views on the application known to the Commissioners. The Commissioners will participate by video conference.

Public Comments
The KCC encourages those unable to attend the public hearing to submit written or oral comments to the Kansas Corporation Commission Office of Public Affairs and Consumer Protection (PACP), 1500 SW Arrowhead Dr., Topeka, KS 66604. Comments may also be submitted via email to publicaffairs@kcc.ks.gov or by calling 1-800-662-0027. Comments should reference Docket No. 11-MDWE-609-RTS. Comments will be accepted until August 18, 2011, and will be filed for review by the Commissioners.

More Information
A complete copy of the Midwest Energy application can be found on the KCC website: <http://estar.kcc.ks.gov/estar/portal/kcc/PSC/DocketDetails.aspx?DocketId=7cf8fb9-d4e0-4a7e-892a-5781a59beaf>. The KCC will hold an evidentiary hearing beginning August 22, 2011, at 9:00 a.m. in the first floor hearing room at the KCC's Offices located at 1500 S.W. Arrowhead Road, Topeka, Kansas. At the evidentiary hearing, KCC Staff, Midwest Energy, and any intervening parties will present evidence in support of their respective positions. Any person requiring special accommodations under The Americans with Disabilities Act needs to give notice to the KCC at least 10 days prior to the scheduled hearing date by calling 1-800-662-0027 or (785) 271-3140.
