

How the planned combination of AT&T and T-Mobile will benefit Kansas:

Over 92% of Kansas residents, including many in small towns and rural areas, will be covered by the LTE network.

More than 750,000 additional people living in Kansas will gain access to LTE.

An additional 50,000 square miles of the state will be covered by the LTE network.

Together, we will bring the latest mobile broadband technology to more of

Kansas

Mobile broadband is taking another major step forward. The network technology is called LTE and it's a super-fast way to connect to the Internet.

The planned combination of AT&T and T-Mobile will allow us to expand our LTE mobile broadband network to reach more of Kansas.

Our customers will get a stronger network. The state will get a new choice for broadband. And more of Kansas will get access to a cutting-edge wireless network and all the opportunities it brings.
