U.S. looks to expand canola production

Weather The Associated Press

DES MOINES, Iowa - The demand for canola, best known for the cooking oil it produces, continues to rise and the industry is working to grow more of the plant in the U.S. to keep pace with increased sales.

Experts said the best hope for meeting demand is to grow a variety of canola that is planted in the fall and harvested in the spring, offering farmers in some regions a chance to make use of their land during a normally dormant period.

vested in late summer or early fall. About from Canada," he said. 90 percent of U.S. canola is grown in North

Dakota, but by growing more winter canola, of canola oil in 2010, with about 2.5 billion industry officials believe canola acres in the U.S. could more than triple.

"There is no reason we couldn't see 4 to 5 million acres planted from the Carolinas to the Great Plains," said Dale Thorenson, assistant director of the U.S. Canola Asso-

canola, which is seen as healthier than oils containing more saturated fat.

'We grow about 1.5 million acres in the Most of the nation's canola crop is a U.S. and that is not enough to satisfy despring variety, planted in the spring and harmand so we have to import a lot of canola

The canola plant produces pods that are filled with seeds. When crushed, those seeds

Winter canola has done well in states such Brian Jenks, a professor at North Dakota as Kansas, Oklahoma and Missouri, where State University, said the country needs to it is planted after another crop is harvested, keep pace with the growing demand for said Brian Caldbeck, a crop consultant from Kentucky. That process is called double cropping.

Caldbeck said growing winter canola in areas of the Upper Midwest, such as Iowa, is possible but would be more difficult because the region primarily grows corn and

Citizen objects to college's proposed budget

From "BUDGET," Page 1

She then talked about the four-day Title IX conference she attended and said she came back a little overwhelmed about the changes they need to make. Therefore, she and College President Dr. Stephen Vacik are going to be looking at how much work this is going to be and will be redoing all of their policies,

• Heard a report from Joyce Washburn, dean of academic affairs, who said that the college had a successful inservice on Friday, which was for all faculty and staff to start the year.

"We kept them busy, we had a lot to cover," Washburn said.

Leiker asked how soon they need to fill an instructor position in the Adult Basic Education program that was listed in Washburn's report, but she said it can be done anytime and that all campus teaching assignments are covered for now.

• Heard several questions from Leiker about Barry Kaaz', dean of external affairs/facilities management, report. Leiker asked when the college should start seeing some energy savings when the Honeywell project begins. Kaaz said it won't be for several months, but they are beginning the replacement process in about six weeks. Arlen then asked if the boilers will be ready for winter. Kaaz replied that they would be.

• Heard a report from Wells, the contractual provisions who is also director of the college foundation. He reported lege can pick and choose that the foundation is working which classes to offer, and

The foundation is waiting for a time with 30 days notice. dollar figure that it can handle, but it's an area that they want to start working on quickly.

• Heard a program report from Carey Jones, head coach of the college volleyball team. She told the board that she has 13 players this year, the team has been practicing three times a day for about a week and a half, and introduced her new assistant coach, Kailee May. She said the team's season starts on Saturday with a scrimmage at Seward Community College in Liberal, and then a tournament the following weekend in North Platte, Neb. The team's first conference match is Wednesday, Aug. 31, at Seward. Also, she said the team will hold the Labor Day Classic in Colby on Saturday and Sunday, Sept. 3 and 4, at the Community Building.

Following the matches Sept. 3, the team is holding a Night Golf Tournament at Meadow Lake golf course.

"We did find out that in the preseason polls, we are actually receiving votes," Jones said. "That's a big step I think for our program to take and I think that they definitely deserve it."

• Accepted the resignations of four employees, Cari Randle-Bright, equestrian team assistant coach, Jayme Pfeifer, administrative assistant to the endowment foundation, Brad Bennett, an instructor and Sue Mardock. also an instructor. The motion was for the board to accept the resignations of all four employees and to agree that the college would not assess a fine for liquidated damages to Bennett and Mardock for breaking their contracts at this point. The motion passed with Krehbiel, Wells, Leiker, and trustee Bill Shields voting yes, but trustee Dale Herschberger voted against the motion, and Black abstained.

 Approved the WaKeeney only for one year. The motion dressed. was passed 5-1 with Shields, abstaining due to his relationship with the lessees.

from Alan Waites, vice president of business affairs. He said the July year-to-date expenditures are on track; there were \$101,900 of encumbrances July 31, which leaves \$11.7 million remaining in the budget, and the cash balance was \$100,000 at July 31. A total of \$361,000 was brought in in July, which added to the \$600,000 from June, but \$829,000 was used throughout the month, leaving the cash balance at \$100,000 by the end of July. However, Waites said nearly \$1.1 million was received on Aug. 1 for state operating

He ended his report by saying that staffing changes have caused some disruptions, but the college is still on track toward necessary improvements, that audit work should begin within the next 30 to 45 days, specifically with the financial aid audit begin done in late September, Lease Agreement, which is for and that cash flow will remain a building the college will be challenging going forward and using for a few classes and is it is a challenge that must be ad-
