Dallas puts on real show, evens series with Avalanche

DALLAS (AP) — After being nine by the end of the first period and a shot under Roy's pads as both were Game 1, the Dallas Stars were desper-

If Dallas came out flat again and headed into Friday's Game 3 with a two-game deficit, there would be little hope of a repeat for the Stanley Cup champions.

Instead, Modano provided the spark Monday night, scoring two goals as the Stars won their eighth consecutive Game 2 with a 3-2 victory over the Colorado

Avalanche in the Western Conference

The Stars have rallied from a 2-0 deficit just once in their 33-year history, and that was 32 years ago. Even with a 1-1 tie in the series, Dallas still has to win at Colorado to advance to the Stanley Cup finals, and the Avalanche are undefeated at home in six playoff games this season.

"It was desperation time on our part," said Modano, who has eight goals in the playoffs. "With the way they came out in Game 1, it was our turn to respond.'

The Stars are 1-8 after losing the first two games of a series. Their only comeback was 1968 against the Los Angeles Kings.

Backed into a corner, Dallas came out checking and shooting.

The Stars had just 11 shots in the first two periods of Saturday's loss, but had

student of the week

Name: Bryan Russell **Parents:** Curt and Kathy Russell

> **Grade:** Senior **Age:** 18 We've nominated this

student because: He is always prepared for class. His persistent efforts have helped him reach his goals here. Now he has a good foundation for future success. **Student Comment:** Favorite

aspect is being able to have a one on one basis with the teacher. My best liked subject is English Composition. The things I will remember about GHS are all the fun time spent in the library with friends and all the quality time spent with teachers.

Activities involved in at school: AFS, NHS, Band, Jazz Band, X-Presso's, FCCLA, School Musical. My choice of movies, books,

and games: I enjoy books written by Max Lucado. I enjoy Saving Private Ryan, Schindler's List, and Sixth Sense. I enjoy playing cards with my family. After I leave Goodland

High School I intend to ...: Attend Kansas City Kansas Community College and major in Mortuary Science.

And 10 years from now, I think I'll be ...: Hopefully working somewhere in the state of Kansas, happily married and with children.

Favorite Quote: "One thing that keeps a lot of people from being a success is work." Unknown
