

# City to hold hearing on tax increase

### **By Sharon Corcoran**

The Goodland Daily News Apublic hearing on next year's city budget will be the first order of business at the city commission meeting at 5 p.m. Monday.

Other business will include the Chamber of Commerce Business Promotion Committee banner project, a state project to prevent water pollution and grant requests for two businesses.

The budget calls for a 7.5 percent increase in the property tax levy to cover the costs of operating Steever Water Park, to put money aside for possible improvements at the airport and to cover increased expenses in other areas of the general

which includes such things as operating the city government, police protection and the fire department.

The public is invited to the hearing, where people can give their opinions of the budget. The commission plans to approve an ordinance adopting the budget during the meeting that follows. In other business:

•The commission will hear grant requests from S&TCommunications and Agro-Culture. S&T is asking the city for money to offset the cost of opening a new office in Goodland. Agro-Culture is asking the city to waive \$1,535 in fees for building permits to build a liquid fertilizer manufacturing plant in Goodland.

•The Chamber of Commerce Business Promotion Committee will be letting the city know about their plans to put up welcoming banners and to talk with the commission about possible locations.

•City Manager Ron Pickman will discuss the Kansas Department of Health and the Environment source water assessment program. The program encourages testing of anything within two miles of a city well that could cause pollution. The tests would let the city know about possible pollution in advance that could affect the city's water sources.

•The commission will meet in a closed session to discuss a possibility property purchase for a water well.

 The board plans to approve payments for the construction of Steever Water Park and the Steever Park Tennis Courts.

•Steever Water Park will need a schedule change when school starts because many of the parks employees will be in school and will not be available to work.

•A resolution will be updated stating the prices for the use of city equipment billed to the projects in which the equipment is used.

•The city manager will talk to the commissioners about the Municipal Leadership Academy Aug. 17 in Russell, which will cover the Kansas Open Records Act and Kansas Open Meetings Act.

## Anchor goes off the air KSNK fixture takes

job in Great Bend

# **4-Hers with style**

Dressed in an outfit she coordinated, Courtney Sheldon (left) waited for the 2001 4-H Public Style Review to begin Thursday night at the Sherman Theatre on Main. 4-Hers participating in clothing construction and buymanship showed off their projects at the annual show, which is part of the Northwest Kansas District Free Fair. Sheldon's outfit earned her the Champion ribbon in the junior girls buymanship category. Amanda Hoffman (above) received a blue ribbon for her evening wear outfit. She said it took about 1 1/2 hours to fix her hair, which was decorated with glass beads.

The Goodland Daily News Sherman County commissioners agreed this week to proceed with a tax map available in the courthouse hallsale on 128 properties with more than three years of unpaid taxes.

County Attorney Bonnie Selby and County Treasurer Shelby Miller talked to the commissioners about the details of the sale Tuesday. They said the work on the estimated 128 pieces of property

have been completed and they are ba- week of Sept. 17-21, and begin the lesically ready to proceed.

Selby said they plan to have a county way showing the location of the property included in the sale.

The commissioners unanimously approved a resolution directing the county attorney and treasurer to proceed with the sale. Selby and Miller said they hope to set the sale date for the checked. Selby said the state law allows

gal publications later in August.

Selby said they will be working through the various mineral rights that have not had property taxes paid to see which may or might not be included in the sale. Miller said some of the mineral rights do not match the state law dealing with how long they can be set for, and that these will need to be

Jim Alcorn, drummer for A Reunion Band, rehearsed in his game room with the rest of the band Thursday. The group got together to perform at Saturday's alumni dance and will also play Saturday, Aug. 25, at the Veterans of Foreign Wars Hall Photo by Sharon Corcoran/The Goodland Daily News

### Alumni musicians form band for reunion

#### By Sharon Corcoran

The Goodland Daily News Three Goodland graduates and two of their friends who have played in bands in the past have formed A Reunion Band to perform at the alumni dance Saturday.

Rusty Renner (class of '73), Jim Alcorn (class of '63) and Shad Sheldon (class of '83) are all graduates of Goodland High School and have joined with John Petracich from Goodland and James Lightle from Burlington to play at the dance. They have been practicing in the game room at Alcorn's house, a separate building in the back yard.

They have all played in many bands

in the past, Renner said, and have worked together before. They found out the Alumni Association had booked two bands for the reunion and still needed one more, Renner said, and decided to get together to help out with the reunion.

We just do this for fun, he said, and will be donating our pay back to the alumni association.

Alcorn played in bands in the '60s and '70s, one of which was called Morning Dew and Sheldon has played in Exit 17.

"I've played for thousands," Lightle
