

Many September birthdays can bring card showers

There are birthdays galore in September, and if we can't have rain showers, maybe we can cheer someone up with a card shower. I'm an optimist and believe we can have both.

Helen Jones' family wants her friends to know there will be a 90th birthday party for her from 10 a.m.-2 p.m. Sunday, Sept. 22, at the Blue Room of the Goodland Elks Lodge. Be sure to stop by and wish her a happy birthday.

Frances Jones' family is having a card shower for her, as she celebrates her 80th birthday while recuperating from hip surgery. She is at her daughter's home, and cards may be sent to her in care of Charlie Webb, 1062 Acadia, Wichita, Kan. 67212. Her birthday is Friday.

Speaking of birthdays, there is a brand new member of the Musil family, and his aunt, Tina Hansen, was quite excited about meeting him. Brandon Eugene Musil, son of Shaun and Heather Musil, was born in Hays on Sept. 3, 2002.

Besides his Aunt Tina, he will likely be spoiled by his grandparents, Melvin and Dorothy Musil of Edson and Dr. Cliff and Mary Porterfield of Goodland. Congratulations on this baby boy!

It seems that with good news, we always have sad news as well. Brewster lost two graduates from years past this week, and Roger and I would like to extend sympathy to the families of these men.

Donald Parsons, Brewster graduate of 1952, died Saturday, Aug. 31, 2002, in Northglenn, Colo., after a long illness. The late Hugh and Theda Parsons were his parents.

Brent Selby, from the Brewster class of 1980, died late in August in San Pedro, Calif., from diabetes complications.

He was the son of Bill and Eva Lou Selby. Arrangements for his service

• brewster beacon

will be announced at a later date. Our thoughts and prayers are with the families that have lost their loved ones.

Nadine Kammer reports that the United Methodist Women met in the fellowship hall of the Brewster Methodist Church on Aug. 28. President Eva Lou Selby conducted the business meeting.

Bonnie Reid reported that six ladies from Brewster were joined by six Goodland ladies to visit the yards of Lou and Diane Spinney, 217 Aspen Rd., and Sandy Whitby, 202 N. Main, both in Goodland.

The Spinney yard had a pond that was teeming with gold fish, and the Whitby yard was blooming with 150 varieties of roses plus many other kinds of flowers.

Following the tours, the ladies enjoyed their sack lunches, and Wanda Fulwider shared information from the *Response* magazine.

After the business meeting, Eva Lou shared from Barbara Johnson's book, "Stick a Geranium in Your Hat and Be Happy." After the discussion of humor under stress that this author is noted for, Marge Westover and Maxine Starkey served refreshments.

Tanya Gray will lead a study of "To Have a Home — Courageous Women Leading the Way" at the September meeting on the 25th.

I stopped by the Heritage Center and had a nice visit with Betty Wolfe. She was sorting through a large assortment of monkey wrenches and other tools that have been donated in recent days. She painstakingly catalogs and sorts so

much before she is satisfied that the display is ready to be shown.

She said the book van from Norton will be in the 10th for book rotation. You better hurry in and check the new books and check

the displays also.

Betty shared a news item from the Sept. 15, 1932, Brewster Herald. It stated that the Brewster Wheat Belt League baseball team won the Little League World Series and the Silver Cup in the league.

Brewster emerged victorious after games with Levant and Ruleton. The Levant game was a playoff after being locked in a tie.

The team members were Roy McCall, Lawrence Winchip, Fred Henshaw, Roy Neff, Floyd Emel, Kenneth Coffey, Bill Harrington, Fay Staley, Harry Kear, Ray Emel, Myron Cummings, Chuck Coffey, Ted Touslee and a fellow named Peek.

The second team, called the Cubs, included Homer Elliott, Bill Parker, Loren Mallory, Lorraine Coffey, Raymond Allen, George Coffey, Harry Wilson, Everett "Phog" Allen, Harold Webber, Ray Shirley and Martin

Isernhagen.

Harry Kear of Brownville and Phog Allen of Brewster, both having passed their 43rd birthdays during the month, declared themselves to be the two oldest players in northwest Kansas.

That was 70 years ago, but Betty wondered if anyone has pictures of

these ball players in their albums or boxes of pictures stored in their closets. If so, she would love to display them at the Heritage Center.

That's it for this week, in the present time of 2002. The wind is blowing, and the dirt is sifting through the window sills, but there is

rain in the forecast. Next time I write, I hope to have some healthy rain totals to share with you, and I know you all hope the same.

Don't forget to wear red, white and blue on Wednesday. Hard to believe it has been a year since the terrorist attacks isn't it?

Kanorado man wins EMT award

Robert Daise of Kanorado won the Emergency Medical Technician of the

year award from the Kansas Emergency Medical Services Association. He received a plaque at the association's awards banquet Saturday, Aug. 17, at the Marriott Hotel in Overland Park.

Daise was nominated by those who work with him. In their letters of nominations, Karen Hooker, emergency medical technician-1; Cheryl Lee, registered nurse; Debbie George, emergency medical technician-1; and

Roberta Bretz, Red Cross coordinating volunteer, said Daise is hardworking, eager to help and full of life.

Daise was certified as an emergency medical technician in 2000 at the age of 70-something, Hooker said, corresponding with Kanorado getting an ambulance. He is willing to travel to attend continuing education classes, she said, and assists, critiques and even prods his fellow classmates.

The last class of emergency medical technician students nicknamed him Bob the Body, she said, because he was always applying moulage to himself for training sessions.

He maintains the ambulance in Kanorado, Hooker said, as regularly goes on transfers to Hays or Denver regardless of the time of day.

Daise

Clinic Celebrates First Year Anniversary

Dr. Dan Golden of the Golden Chiropractic Clinic, 1002 Broadway in Goodland is marking and celebrating the first anniversary of practice in Goodland with a very special event for all area residents. Having never held a formal "open house" for the clinic he has decided to do so and combine such with a "Patient Appreciation Day"; even if it is almost a year late!

Patient Appreciation Day and the Clinic Open House will be held on **Wednesday, September 18th**. Any established patient of Dr. Golden will be able to have a Chiropractic Adjustment at absolutely **NO CHARGE**. Any established patient who may be suffering from a different problem than that which initially brought them to Dr. Dan will be able to receive a complete evaluation, x-rays and lab studies if necessary and treatment at absolutely **NO CHARGE**. In fact, anyone who has been considering going to a Chiropractor can do so and have a complete consultation, examination and diagnostic work-up at absolutely **NO CHARGE**. Appointments are absolutely necessary and patients will be accepted on a first call, first served basis. While all services rendered will be free.) Dr. Dan will have a "coffee can" in the reception room to accept donations. All proceeds will be forwarded to the Headstart program of Goodland.

Ironically, September 18th is the 107th birthday of the discovery of the Chiropractic profession by Dr. Daniel David Palmer of Davenport, Iowa. Dr. Palmer started the first Chiropractic College in Davenport the Chiropractic college where Dr. Dan, his father, grandfather and two uncles received their professional education. Dr. Golden has two younger brothers and a nephew who

are Chiropractors receiving their formal education and practicing in the Houston, Texas area.

Dr. Dan, after several years of semi-retirement, came to Goodland at the encouragement of a close friend who felt Northwest Kansas could benefit from the talents and experience of someone of his professional caliber. To Goodland he brought more than 36 years of practice experience. He holds licenses to practice in Texas, Colorado and Kansas and spent the majority of his practice life in the Fountain Valley Area of Colorado just South of Colorado Springs.

In addition to practicing Chiropractic Dr. Golden was president of The Golden System Chiropractic consulting and management firm and has lectured throughout the United States, Canada and Mexico. He was bestowed the honor and accolade of "Chiropractor Of The Year" by his colleagues in the El Paso County Chiropractic Association (Colorado) as well as being selected one of only six per year (from a pool of several thousand) to receive the same honor from the international Parker Chiropractic Resource Foundation based out of Dallas, Texas. In addition to practicing Chiropractic Dr. Golden served as a firefighter, director of EMS in Crystal Beach, Texas and was appointed assistant medical examiner of Galveston County. Over the course of his career he has served both his profession and community in numerous capacities.

Coming to Goodland he had no idea of what to expect, especially when there was so much concern over the economy here and surrounding communities. Even so, he had a good feeling, leased the old Kennedy and Coe building, proceeded to apply fresh coats of paint, order equipment and prepare for opening. The first patient was seen on August 27th, 2002 even though the clinic did not formally open until September 4th, and it has been non-stop ever since.

Over the course of the past year more than 300 patients have been admitted to the clinic. According to Dr. Dan, a phenomenal first year response. The practice continues to grow at a steady and rapid pace.

Dr. Dan and his wife of 39 years, Nancy, now feel pretty much settled in Goodland. They have become involved in community affairs purchased a house and feel comfortable calling Goodland home.

Dr. and Mrs. Golden would like to invite everyone to the open house so you can see what services are offered. You will be able to tour the clinic and observe it in actual operation. In addition you can partake of coffee, punch, cake and meet the clinic staff Mary Vinar - Office Manager, Kim Weis - Therapy Assistant, Polly Barnhart - Massage Therapist, Nancy Golden, LVN - Nurse and Stacey DeGeorge - Chiropractic Assistant.

club news

The Lincoln Larks Family, Community and Education Club met on Sept. 3 at the home of Arbutus Topliff.

Members then traveled to Burlington to visit the Old Town Museum and gift shop. The group also went shopping and had lunch at Mittens Cafe.

Membership dues for the year 2003 are due and need to be paid to Colleen Duell or at the next meeting. Elected officers will need to be turned in.

The club met in July at Nila Been's home to work on their educational booth for the fair. They received a ribbon for champion.

Virginia Chatfield, who painted the names on the grand marshal sign, spent more than two years looking for a list of past parade grand marshals. Members helped put a sign in place at the fair ground pavilion recently.

The next meeting will be Tuesday, Oct. 1, with Virginia Chatfield hosting.

correction

In the special fair results section of *The Goodland Daily News* the listing under the Breeding Sheep should have read Erik Roeder, 1st breeding ram. Reserve Champion owned by Erik Roeder shown by Paul Starr. 1st, owned by Erik Roeder, shown by Tiffany Thomas. The information was incorrectly listed by the Extension Service to list who showed the animal, not who the owner and winner was.

☆☆☆☆

The Goodland Daily News will correct any mistake or misunderstanding in a news story. Please call our office at (785) 899-2338 to report errors. We believe that news should be fair and factual.

We want to keep an accurate record and appreciate you calling to our attention any failure to live up to this standard.

matters of record
