club news

The Lincoln Larks Family, Community and Education unit was organized in 1939. There is one charter member still living; Evelyn Finegan was the first home economist for the 63-year-old club.

Some of the projects the club has participated in are helping with the Lions Shelter at the fairgrounds, farm sales and promoting the sign in Memory Park, which was named by Kathy (Chaffield) Elliott, of all the people who donated trees in memory of a loved one. Signs were erected in Ruleton for the year it became a town in 1888.

The club has had several champion fair booths, donated books to the library and also helped with the health fairs. Touring the museum and points of interest have been rewarding.

Each year holds memories for the club members, of enjoying the friendship, laughter and lessons.

The lessons help members keep pace with changing methods, products, best buys and other things. The Lincoln Larks have a golden length of friendship built through the years.

I found a quick and painless cure.

When I developed hemorrhoids, my doctor recommended Hemcure...the painless, non-surgical treatment method performed by M.D.s. It took only a few short visits to the doctor's office. And since no recuperation was needed, I could resume my normal activities right away.

With Hemcure, curing my hemorrhoid problem was simple. Any cost, my insurance covered it.

Hemorrhoids aren't the easiest thing to talk about. But listen, if you've got hemorrhoids, why suffer? Do as I did and call to find out more.
