Everybody knows that adjustable beds are...

...adjustable. But who makes
them? Where do they come from?
Unlike some highly advertised
brands, Flex-a-Bed makes its own
from top to bottom...and it's great!
You select the most comfortable
position at the touch of a button,
change whenever you want. A pair
of twins, side by side as shown
above, make up to look like a king-
size bed, yet allow each of you to
raise or lower your side independ-
ently. Flex-a-Bed is sold right

here in town... for about the price
of a top quality flat bed. So don't
be confused by the ads. Come see
it here today or call for free video!
