

# Harding returning to retail

HARDING, from Page 1

1983; the reconfiguring of the new entrances at Cherry Street on the east side of town and on Highway 27 on the west side of town; the signage program which has become a model for many cities across the state; the holiday Christmas lighting program which is done throughout the community; and the preservation of the weather bureau at the airport and the addition of Doppler

Radar.

Getting back to his retail roots, Harding will be taking a new job as the manager for Aten Department Store.

"I am excited about it because I enjoyed the retail industry," he said.

"As well I am thrilled to be associated with Wayne and Barbara Aten."

He says their merchandise is fun and more diverse than what he is used to and it will be a learning experience with the other areas.
