Car club expands classes from two to three

The Early Iron Car Club discussed T-shirt design at its May meeting. The club is going for an old-school rural look, similar to the 1997 design that won B. Scott an award.

Club leaders will check with a new business to see if they do this kind of shirt. The club also is doing something new this year with vehicle classes. There will be three classes instead of two as in the past. The classes will be 1948 and before, 1949-1972 and 1973 and after. There will be plaques for the top 15 in each class.

The club needs to get some items to raffle. To simplify donations from businesses this year, they may
