Ruleton News — The event of the season came off here last Saturday which was a matched game of baseball between the Kanorado and Ruleton nines. The result was four to two in favor of the Ruleton team.

Although there was a strong wind causing a great many to believe the game would not come off, there was a good number of spectators out, and at the close of the game, they remarked that a more lively and spicy game had not been witnessed at Ruleton for some time.

Muldrow News — The prairies at present are putting on a verdant appearance, but a close inspection reveals the fact that the greenish hue is caused by a growth of what we

term “water grass,” which is so tough that when the stock attempt to eat it, the roots, with considerable dirt attached to them, are pulled out of the ground.

Each of the scholars of the Muldrow school received a very pretty souvenir card this week from their teacher, Ira Edson.
