Commercial zoning may not change commercial zoning rules to allow encourage commercial develop-

The city Planning Commission

decided Tuesday that the zoning ordinance dealing with existing homes in commercial zones should not be changed to allow them to be replaced in cases where they have not been damaged.

No one other than the city planning commission members and the city manager showed up for the hearing. The commission members talked about the options and the pros and cons of allowing more homes to be replaced in commercial zones. The commission ultimately voted unanimously to recommend to the city commission that no change be made in the zoning ordinance.

The city commission referred the question to the planning group after the April 7 meeting, when commissioners recommended the planning commission consider modifying

At the center of the question is a that allowing the change would go against the long term interest of the commercial zoning.

Commission member Terry Imel said he could see the problem and that at the time the comprehensive plan was adopted it appeared to be a good plan to have the north side of 17th Street be designed partially commercial. He said part of that was to eventually provide a cushion between the industrial zone on the south side and the residential area

Aquestion was asked about what lowing a home to be replaced would might happen if a tornado went help improve the area, and was a through the area and destroyed the

Criswell said in that case the house could be replaced under the

spring. The second half of the concert started with a quartet of Austin Avelar, Caleb Fugleberg, Joel Linin and Parker Sieck singing an old sailor scanty "The Drunken Sailor." Atrio of Fugleberg, Linin and Sieck followed with a song about coal mining. The women sang a song and then the men. The men accompanied them-

on guitar and Sieck on piano.

Director Randy Berls said he thought it was awfully courageous of Biel and Fugleberg to let the men's group do what they did.

The entire chorus sang their music contest piece, a rock and roll number and an African song.
