Congratulations
to these fine
businesses!

Think outside the box.

And get results from your advertising.

- **81% of adults** read a community newspaper at least once a week.*
- **50% of adults** rely on the local newspaper as their primary news source.*
- **Only 16% watch** television for community information.*

How will you reach your target audience?

* - Survey conducted by the National Newspaper Association and the Center for Advanced Social Research at the Missouri School of Journalism at the University of Missouri-Columbia. Researchers surveyed adults 18 years old and up in markets with fewer than 100,000 residents.

Winking in the dark is
like **not** advertising your
business.
Only **You** know what you are
doing.

"Learning how to respond to and master the process of change - and even to excel at it - is a critical leadership skill for the 21st century. Constant, rapid change will be a fact of life for all of us."
