Qualifications not required for changes

'Orville Wright did not have a pilot's license.'

Do you have a great idea being stopped by your lack of "qualifications?"

Look back over history and you will find time and time again people changing the world despite their "qualifications."

It wasn't easy for them, and it won't be easy for you. If it was easy, everyone would be doing it. Don't be afraid to fail. That's how you learn. How will you know what's possible if you never even try.
