

# Planter video going on website

Master gardener Marilyn Imel talked about the planters on Main Avenue the gardeners planted and take care of Thursday noon. Behind the camera was Deb Pryor, assistant video producer for

K-State Research and Extension. Allen Stevens of Olathe, K-State Research and Extension leader for horticulture programs, directed the action. The video will be available on [www.kansasgreennyards.org](http://www.kansasgreennyards.org).

Sunflower Extension Agent Dana Belshe was also there but not in the picture.

## County fair top 4-H exhibitors can show

Kansas 4-H members ages nine and up are eligible to enter projects at the Kansas State Fair, but only after first entering the top award in their category at the county fair.

That means 4-H entries at the fair come with high praise and also means seeing the various projects in 4-H Centennial Hall may inspire others to join 4-H and learn by doing, choosing a new 4-H project is

already involved in 4-H programs or provide the nudge that's needed to complete a hobby project or try something new, said Justin Wiebers, speaking on behalf of Kansas 4-H.

The 2010 Kansas State Fair in Hutchinson is scheduled to run from next Friday to Sunday, Sept. 19, and 4-H Centennial Hall is located at the north end of the fairgrounds, said Wiebers, who is a

Kansas State University Research and Extension associate and 4-H youth development specialist and building coordinator for 4-H Centennial Hall at the fair. Kansas 4-H offers more than 30 educational 4-H projects and seeing the completed projects under one roof is testimony to experiential learning in 4-H, said Wiebers, who noted that former 4-H members often cite a 4-H project as

the spark for their career interest or a lifelong hobby.

During the fair, 4-H Centennial Hall will open from 8 a.m. to 8 p.m. (Mountain Time) Friday to Saturday, Sept. 18, and from 8 a.m. to 5 p.m. (Mountain Time) on Sunday, Sept. 19, closing day. Please note: Projects and exhibits will be displayed as soon as possible after judging, but may not be available for

viewing early on Friday.

4-H rabbit, poultry, livestock and crop exhibits are displayed at various locations on the fairgrounds: inquire at the information booth in the hall for details.

"All are Welcome," said Wiebers, who noted that people who don't have children or a connection with 4-H usually enjoy looking at the exhibits, which include Kansas

geology and insect collections.

Information about Kansas 4-H is available in the hall, at K-State Research and Extension offices throughout the state and online at [www.Kansas4-H.org](http://www.Kansas4-H.org). Information about the Kansas State Fair is available at [www.kansasstatefair.com](http://www.kansasstatefair.com).

## Program for women to be held

A program for women involved or interested in agricultural issues, "Women in Denim" will be held from 8 a.m. to 2 p.m. (Mountain Time) on Wednesday, Sept. 22, at the Prairie Museum of Art and History, 1905 S. Franklin Ave., Colby.

The featured speaker is Doris Johnson of Abilene. She will present

the days of past sharing the excellent and unique women role models in her life that have influenced her. Johnson was raised near Brewster. She is the author of "Gutsy Women," "The Cookie Crumb Trail," "As I Remember It" and "Apron Strings and Family Ties." Her books talk about rural history from 1915

to 1996.

The program will also include talks on women's health, an outdoor tour, composting, farm safety and a tour of the museum.

The Wild Rose Poet Helene Landenberger of St. Francis will entertain during lunch cater by Bob Amos.

Registration may be sent to Debbie Potter, 915 E. Walnut Street, Colby by Saturday. The cost is \$30. The event is sponsored by the Northwest Kansas Conservation and Environmental Alliance. This alliance consists of eight conservation districts in northwest Kansas.

## Service provides weather information

Fans traveling to football games this fall can help themselves arrive at stadiums safely and on time for kickoff by using KanDrive, the Kansas Department of Transportation's new travel information portal and the Kansas 511 travel information phone system.

Before you head out, by visiting KanDrive, [www.kandrive.org](http://www.kandrive.org), a one-stop gateway for travel information in Kansas and surrounding states, you can get information to plan your trip.

In addition to the statewide map, snapshot camera and electronic roadside sign views along I-70 and other highways in the state, the site provides road work and weather information and links to travel resources.

Road information can also be obtained by calling 511 in Kansas or (866) 511-5368 from anywhere in the U.S. to find out about the latest driving conditions, work zone and travel weather information for the Turnpike and any Interstate, U.S.

or state highway in Kansas and Nebraska.

Phone numbers for road conditions in other states surrounding Kansas are also provided. Information is free from a landline phone; however, for cellular phone users, cell minutes may apply.

Travelers can also use handheld mobile devices, such as Smart phones or Blackberries to access text reports for construction information by visiting [511mm.ksdot.org](http://511mm.ksdot.org).

For everyone's safety, please do not call 511 or use your mobile device while driving. The department also reminds travelers to abide by Kansas law by buckling up and not texting while driving.

### corrections

The Goodland Star-News will correct any mistake or misunderstanding in a news story. Please call our office at (785) 899-2338 to report errors. We believe that news should be fair and factual. We want to keep an accurate record and appreciate you calling to our attention any failure to live up to this standard.
