

# Cowgirls place third at regionals, qualify for state

Cowgirl Megan Siruta putts on the ninth green at Sugar Hills Golf Course during the Great West Activity League tournament held last Monday. The Cowgirls placed third at the regional meet in Lakin and

will be playing in the state tournament on Monday at Great Bend. Photo by Pat Schiefen/The Goodland Star-News

Goodland Cowgirls golf team placed third at the 3-2-1A regional tournament held Monday in Lakin, and will be going to state for the fourth year in a row.

Coach Connie Livengood said the Cowgirls shot a 475, 13 strokes behind Syracuse who shot a 462. Holcomb won first shooting a team score of 433.

Cowgirl Jazzmin Weis medaled for fifth place with a 108. Jacquelyn Gulley just missed medaling, she shot a 119 and took 11th. Cortney Cowan and Jordan Knitig shot 124's. Megan Siruta shot a 130 and Katelyn Coon shot a 141.

First, second and third place teams get to go to the state tournament on Monday, held at Stone Ridge Golf Course in Great Bend.

"I am really proud of the girls today," Livengood said. "The conditions were not good for anyone with 25 mph winds, 45 degrees to start the tournament, but it was that way for everyone and it showed on the scores for even the girls who have been shooting pretty well this year."

"Our girls were tied with Syracuse at the end of the first 9 holes, that was exciting. We have been talking about Syracuse is reachable to beat. I wish our scores were better, but that is the way it is some days."

Livengood said she is excited for this team to go to state.

"When I look back and see how we started out," she said. "We had only one young lady with varsity experience, and how much they have improved is amazing. I knew it was going to be an up and down season. I am excited for the girls who haven't ever been to a state competition. It will be fun and a learning experience for them."

A special send-off for the team will be held at 3:30 p.m. today on the south side of Goodland High School.

## Cowgirls improved at Syracuse

The girls did a good job on Thursday, Oct. 7, at Syracuse, said Livengood. They shot a 425 and improved their overall strokes by 25. They played with five girls this tourney.

Jazz Weis had a 92, her best score

ever on an 18 hole tourney. She was hitting the ball well, keeping in the fairway.

Jacquelyn Gulley keeps shaving strokes off her average. She shot her personal best with a 104. A really good score.

Cortney Cowan is staying very close to her average, she shot a 112 and she is continuing to improve on some aspects of her game.

Jordan Knitig shot her personal best with a 117. She did a good job.

Megan Siruta played around her average, shooting a 125.

I know the girls are ready for regionals. This is what we have been working for all season, the right to go to state. I know they have to beat Thomas More Prep and Lakin. They are going to be the teams we have to beat. Holcomb and Syracuse have played very well all season long, due to some experience.

I think we can really get close to Syracuse. We will see what happens. It depends on who can handle the pressure and what the conditions are on Monday.

I know the girls can do well.

## Cowgirls fourth in league

The Cowgirls placed fourth out of five teams at the Great West Activity League tourney on Monday, Oct. 4, held at Sugar Hills Golf Course.

Jazz Weis continues to improve her game and getting on track to to reach her long term goals. She shot a 94, a personal best for this year. I know she can do better and she does too, so it will be an exciting finish for her come regional time.

Cortney Cowan had a 130, Katelyn Coon had a 131, Jordan Knitig had a 131, Jacquelyn Gulley had a 132, and Megan Siruta had a 144.

I think the girls could have played the course better than they did today as a team as a whole, said Coach Connie Livengood. They did not position their shots very well and it showed in their scoring. They can do better and I believe if they beat down they can do better as a team in scoring, but each person is going to have to take the initiative to do better, she said. They can, but they have to make up their minds to do it.

# Junior Cowboys split with Oakley, Colby

The Junior Cowboys fourth, fifth, and sixth grade teams all had home games the first weekend of October.

The games were the second home game of the season, and had an awesome crowd come out and support the teams said Grady Bonsall.

The fourth grade boys gave a heck of a fight, but were defeated by the Oakley Plainsmen by a score of 20 to 6.

The difference of the game was just a few big plays by the Plainsmen.

As for the fifth grade, they came out strong and never looked back defeating the Hays Enforcers by a score of 27 to 12.

The boys played a great game and got back on the winning track.

The sixth grade had another hard fought battle, playing the Oakley Plainsmen and getting the victory by a score of 13 to 12.

The boys never quit, they showed some heart

and wanted the win and came out victorious.

This past weekend the Junior Cowboys teams traveled to play the Colby Eagles. Our kids were pretty excited about playing our Northwest Kansas rivals, especially after the big win the high school varsity boys had Friday night.

Not all the teams came out victorious on Saturday but they gave it their best.

The fourth grade were defeated by a score of 27 to 6, despite the loss these are a good bunch of boys that have talent and play hard. They are learning the importance of what it means to work together and to play as a team.

As for the fifth grade, they had a great game getting their second victory in two weeks, defeating the Eagles by a score of 20 to 6.

They had a great game, the score was tied 6 to 6 at half and they poured it on the second half. Like the ESPN analyst says, "call them butter cause they're on a roll."

As for the sixth grade they struggled a bit but didn't quit, they received their first defeat of the season by a score of 35 to 0.

The kids played hard but just couldn't seem to get things going their way. Despite the outcome of these games for all the teams, win or lose, we are proud of the hard work they are putting in and know they are having fun playing the great game of football.

This week is our last week of the regular season and it will be our final home game of the season for the teams. All three teams will be playing the Norton Bluejays.

We ask the community to bring your cheers and cowbells and root for our future Cowboys on Saturday.

The fourth grade game starts at 9:30 a.m., the fifth grade game at 11:00 a.m. and the sixth grade game at 12:30 p.m.

Two of the 42 boys and girls that participated in the Punt, Pass and Kick contest held by the Goodland Activities Center. Each kid got to throw a pass, drop kick a ball and kick a punt. There were five different age groups for the kids.
