

Vocal group to perform at Oakley

One of the nation's top vocal groups, Tonic Sol-Fa, is coming to Oakley High School Auditorium at 6:30p.m. on Tuesday, September 27. Using only their four voices and a tambourine, they are described by the New York Times as "a vocal kaleidoscope-unique to the human voice."

In the midst of touring, this quartet has been named one of the top five "must see" groups in America, has been awarded numerous original song and album awards in pop, gospel and holiday genres, appeared on NBC's Today Show and in the pages of Newsweek magazine. Outings with Jay Leno, Shawn Colvin, and Garrison Keillor have propelled album sales to more than 2,000,000 copies (mostly sold from the back of their trailer!) and have earned the group thousands of intensely loyal fans.

The quartet has been voted into

the Midwest Music Hall of Fame and have averaged over 150 shows annually in 48 states with music in radio stations and at retail stores nationwide. Recently, Tonic Sol-Fa's third public television special was broadcast to over 1,800 stations across the United States. And, also, the quartet won their first Emmy Award in the "Musical Composition/Arrangement" category for a song performed in a Toys for Tots Public Service Announcement.

Improvisational and passionate music combined with cutting-edge stage presence is the benchmark by which critics and fans agree: nobody does it like Tonic Sol-fa! Admission to this concert is by Western Plains Arts Association season ticket, or at the door. Adults; \$20, Students K-12; \$10. A special group price of \$5 to students in groups of 20 or more will also be given.

Tonic Sol-Fa

Five enter lambs and ewes at junior livestock show

Five Goodland youths are among those from across the state that have entered 1,456 head of animals for the 79th annual Kansas Junior Livestock Show. They are Hannah Dechant with two market lambs, Garrett Nemechek with a commercial ewe, Jamie Nemechek with a market lamb and commercial ewe, Matthew Nemechek with a market

lamb and Parker Nemechek with a commercial ewe.

A total of 713 4-H and FFA members from 91 counties will show 109 market steers, 318 breeding heifers, 323 market hogs, 273 market lambs, 52 purebred ewes, 168 commercial ewes and 213 meat goats Friday through Monday, Sept. 23 through 26, at the Kansas Pavilions

in Wichita.

When the competition is complete, grand and reserve steers, hogs, lambs and goats will sell during the Auction of Champion at 6 p.m. (Mountain Time) Monday. The public is welcome and encouraged to support the event by bidding on livestock in the live auction. In many cases, exhibitors of the win-

ning animals use the money earned from the auction to help fund their college educations and buy next year's livestock projects.

Prior to the auction, the show will present a number of scholarships ranging from \$750 to \$2,500 to exhibitors who have excelled academically, in community service and in 4-H/FFA. Last year, a total

of \$18,900 was awarded to 11 exhibitors. The scholarship program is funded primarily through private contributions and income generated by the Beefeater Barbecue held in the Sam Fulco Pavilion prior to the premium sale. Tickets to the barbecue, which will begin at 4:30 p.m. (Mountain Time), are \$60 and can

be purchased at the door that evening or in advance by calling Cheryl Smith at (316) 390-0285.

The show is sponsored by the Kansas Livestock Association, Kansas State University and the Agri-Business Council of Wichita.

Keeping farm kids safe a priority

Safe Kids Kansas makes rural injury prevention a top priority during National Farm Safety and Health Week, Sunday to Saturday, Sept. 18 to 24. In Kansas, approximately 158,598 children live in rural areas and these kids are at greater risk of unintentional injury-related death than children living in urban areas.

The environment on a farm allows a child to be exposed to many hazards. Each year in the U.S., approximately 70 children ages 14 and under die from injuries occurring on a farm.

Children ages six to 12 are more likely to sustain injuries due to attempting farm tasks that are not age-appropriate. Tractors, large animals and falls are the primary cause for injuries on the farm for children six and under.

"Kids need to be supervised while doing farm work," says Cherie

Sage, state director for Safe Kids. "Kids should not try to do the work of an adult. It takes physical strength and development, as well as mature judgement, to operate mechanical farm equipment safely."

Safe Kids recommends that children under 16 never drive or ride all-terrain vehicles, snowmobiles or tractors. Mowers, tractors and minibikes are built to only hold one person should never carry additional passengers.

No matter how shallow, children should also be supervised near irrigation ditches, ponds and other bodies of water.

Motor vehicle traffic incidents are the number one cause of injury fatality for children ages one to 14. Almost half of all fatal crashes occur in rural areas.

"Never, ever let a child ride in the bed of a pickup truck," says Sage.

"In a crash, the child would almost certainly be ejected and killed or suffer a permanent, life-changing injury." Kansas also prohibits children under age 14 from riding in any part of the vehicle not intended for passengers, including in the bed of a pickup truck.

Safe Kids recommends parents keep these safety tips in mind:

- Make safe play areas on the farm separated from animals, farm equipment and bodies of water.
- Make sure children wear personal flotation devices while in or near water.
- Ensure that space heaters, furnaces, fireplaces and wood-burning stoves are vented properly and inspected annually. Install smoke alarms and test them regularly.
- Homes with fuel-burning heat sources should also be equipped with carbon monoxide detectors - a

buildup of this odorless, invisible gas can be deadly. Test the alarms every month.

• Kids should always wear equestrian helmets that meet safety standards when riding a horse or pony. Don't let kids ride without supervision.

• If it is necessary to walk along rural roads not marked for pedestrians, teach kids to walk on the shoulder of the road facing oncoming traffic (the left side) and to walk in a single file wearing retro-reflective decals.

National Farm Safety and Health Week is a program of the National Safety Council's National Education Center for Agricultural Safety, call (785) 296-1223 or visit www.safekids.org.

Level: Beginner

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
