

Grandkids are growing up too fast

We're waiting for our Hays kids and grandkids to show up later today, and it will be the first time they have been here since Thanksgiving. Time just goes too fast doesn't it?

The kids have a way of growing way too fast, and it won't be long before Nathaniel will be in high school. I told him a while back he was the only grandchild we have seen on the day he was born. Most of the others were only a day or so old, but he was only a few minutes old. It seems like last week.

In case any of you want to feast on Krispy Kreme doughnuts, the Brewster Senior Class is taking orders for delivery toward the last of March, and the proceeds will go toward their senior trip.

Chris Hoyt said they will probably take orders up until the 20th of March or so, and I imagine the school will be glad to direct you to someone to give your order to.

On Feb. 17, Michael Mills died at his home in Washington state. He

sally
michael

• brewster beacon

was the oldest child of Nettie and the late Ben Mills and brother of Ken and Jack, who both attended school in Brewster.

Our condolences are with this family on their loss, and those who would like to send Nettie a note at this time can reach her in care of Ruth Cooper, 1103 Business Highway 81 and 287, Decatur, Texas 76234. During the last month, she was able to go to Washington to visit Michael with her youngest son, Jack.

Another loss is Muriel Palmgren, who died Thursday, Feb. 19, after having a fall earlier in the month. She was 93 years old, and her ser-

vices were Tuesday, Feb. 24, at Colby. She was the mother of La-Velle Palmgren, and our sympathy is with this family, as well as Muriel's daughter, Anita, and her family. Muriel and her husband Leo, who died in 1998, lived much of their married life near Levant and were very interested in all the events in both Brewster and Levant.

They enjoyed raising their children in the area as well as watching many of their grandchildren and great-grandchildren's activities. She will be missed by all who knew her.

Now, to sweeter things. I thoroughly enjoyed visiting with Leta Johnson of Goodland, who I have known all my life, and I hope her 90th birthday was full of great joy. I know she is still mourning her daughter-in-law, Ann (Daniels)

Braun, who died earlier this year. I was a classmate of Ann's, and we both shared about what a special person she was.

Leta looks good, and she and Harry are looking forward to moving to new housing in a few months. We wish them the best.

Another person that it was good to see was Nyla Finley, who also looks good, and seems to be feeling better. We reminisced about our moms and what good cooks they were. It is good to run into people whom we've known all our lives and haven't seen for some time. There are a lot of folks who aren't around any more, so we need to treasure the ones who are.

The senior center sends a special "thanks" to Carolyn Richards and the Craft Peddler for thinking about us.

I will close for now and go look for the kids. I hope you all have a great week, and I'll see you next time.

Seniors can win scholarships with essays

High school seniors have an opportunity to win one of 24 scholarships from Birch Telecom by writing an essay about competition.

The "Birch Telecom Competition Rocks! Scholarship Program and Essay Contest" is open to seniors in

the 12 states, including Kansas, where the company provides service.

Applicants submit an essay about competition as it relates to the American economy, the future or whatever strikes them as interest-

ing. Applications must be postmarked by Wednesday, March 31.

Applications are available at <http://www.birch.com/scholarship>. There are four awards of \$2,500, 10 of \$1,000 and another 10 of \$500, for a total of \$25,000 in scholar-

ships.

The theme of Birch's scholarship program is inspired by the company's history of giving small to mid-sized businesses an alternative to the Bell monopolies for local telephone service.

Urgent news for people who have used WELDING RODS
Scientists report that elevated manganese exposure from welding rod fumes has been associated with Parkinsonism (like Parkinson's disease) and manganism. Symptoms include shakiness, distorted facial expression, loss of equilibrium, decreased hand agility, difficulty walking, joint pain, loss of short term memory, slurred/slow speech, stiffness in muscles and tremors. If you have experienced any of these problems, call us today toll free at 1-800-THE-EAGLE for a free consultation to evaluate your potential claim. We practice law only in Arizona, but associate with lawyers throughout the U.S.
