The Goodland Star-News The replacement of the brick intersections at 11th and 12th and Main is a year away, but the city commission Tuesday took a step forward to get the designs ready.

At the previous meeting, the commissioners decided they liked the middle option on "bulb-out" designs for the corners, where curb and sidewalk extend out to the traffic lanes at the ends of a block. Tuesday engineer Darin Neufeld presented them with drawings showing options for how the bulb-outs could look.

The options included an angled, square or symmetrical look. The commissioners opted for the symto fit in better.

In the package given to commissioners are charts showing the increase in the traffic on both I-70 and K-27. The figures on I-70 show that traffic heading west increased by 4.5 percent while the eastbound remained the same as the year before. Figures for the two Goodland exits showed increases of 10 percent at the west exit (17) and 58 percent at the east exit (19).

Traffic on K-27 has shown an increase over the last year, with 21 percent more going north and 3 percent going south.

Fifteen new businesses have opened in the county in the first six months of this year with an increase of 73 jobs, the report says, and in that time six businesses have closed with a loss of 10 jobs.

The presentation includes figures showing the strength index for Sherman County compared to Ellis, Thomas and Norton counties for the 10 years from 1993-2003. The figures are from a report on prosperity of Kansas for Kansas State University Ag Economic Research by Sreedhar Upendram and David Darling.

In the report, Sherman is listed a one of the top 10 in the state. The strength index ranks Sherman at seventh with a score of 2.99, ahead of Sedgwick (2.94) and McPherson

Norton is 2.53. Number 3 in the year. state is Ellis County with a rating of 3.17.

Over the 10 years, Sherman County has risen from about 2.8 in 1993 to a high of nearly 3.0 in 1996. Sherman's index dropped back to in the past two years.

Thomas County was at 2.7 in 1993, reached a high point of 2.9 in 1995, and has been falling each year since to the 2.67 mark in 2003.

Applegate said the economic development office continues to work on many projects, including the control city application, which has been forwarded by the state to the American Association of State Highway and Transportation Officials subcommittee. They are working with Congressman Jerry Moran on establishing a veterans outreach clinic at Goodland Regional Medical Center.

She said the office worked with four qualified buyers for the of Garcia's Furniture and Appliance Howard Johnson's property, which is now under new management and working to complete remodeling and expansion plans.

"It takes all of the offices working together to get things done," she said. "For me, I look at myself as being another piece of that."

The county treasurer collects county taxes, issues driver's licenses and tags and registers vehicles. They also provide tax information to abstract companies.

Along with managing the office, she will be managing the county's money through investments.

Although she doesn't have any experience with investments, Wright said Shelby Miller, the current county treasurer, is willing to help her learn. She said she plans to start by reviewing Miller's choices to see which ones work. She also contacted Mickey Billinger, Ellis County treasurer, who will help her make investment decisions.
