The Goodland Star-News Yellow tracked vehicles with long necks look like a line of praying mantises with prey in their grasp as sections of pipe are lifted into position and prepared for welding.

The 380-mile, 36-inch, \$340 million Cheyenne Plains gas pipeline has been snaking across western Kansas for about two weeks. Sherman County is part of the 134-mile mid section, or spread, which began north of Burlington and runs down to Scott City.

The pipeline, being built by Colorado Interstate Gas, a subsidiary of El Paso Corp., stretches from Ault, Colo., near Greeley, to Greensburg, where it will connect with major pipelines serving the Midwest.

The pipeline will carry 570 million cubic feet of gas daily when completed. El Paso officials estimated this would supply about 250,000 homes daily.

U.S. Pipeline of Houston is the prime contractor for the project for Spread 2 and 3.

Lars Ecklund, project construction coordinator from Oneonta, Ala., said the job is the largest in the country, and the first to use 80,000-pound tensile strength pipe — known as X80. He said the pipe is lighter than previous gas lines, but far exceeds any pressure the gas will reach.

Ecklund said the Kyle Railroad has done a good job of bringing all the pipe to Burlington and Goodland, with about half of the pipe being stacked at each location for Spread 2.

"All the pipe for this spread has arrived and we are stringing it south into Wallace County," Ecklund said. "The project is moving along well, and we have about 380 people in the crew in this section."

He said many of the workers are staying in Burlington, Goodland and surrounding towns.

Ecklund gave a tour of the project in southwestern Sherman County on Saturday, starting at the corner of K-27 and County Road 52.

Driving over to the pipeline, Ecklund said the project has been going well, and that the crews are

# City approves Flatlander beer garden, 4-1

#### By Tom Betz

The Goodland Star-News Flatlanders will be able to quaff a brew after all, since two city commissioners switched and voted at Tuesday's meeting in favor of granting a beer license for the Chamber the Chamber license, he was voting of Commerce's fall festival.

Commissioners John Garcia and Dean Blume joined Dave Daniels beer garden would be fenced and and Jim Mull to approve a license for Greg Shores to have a beer garden out, and that no one under 21 would at 1609 Main during the Flatlander be admitted. Fall Festival on Sept. 25.

voted against a similar request from served in cups, but none could be

Mayor Rick Billinger voted against the license for Shores, saying that since he had voted against against this one as well.

Shores told the commission the there would only be one way in or

He said no cans or bottles would In June, Garcia and Blume had be allowed and all the beer would be

"My primary interest is to help the Flatlander event," Shores said. "I believe this will help, and next year, I think we can have more involvement.

"It is one more thing to draw people to the city.'

He said the plan is to have the beer garden open from 10 a.m. to 4 p.m. Blume asked if the license is for one time or for the rest of the year. City

Manager Ron Pickman said it would be granted until the end of the year. Commissioner Mull said he

doubted a beer garden would be very popular in December. Mull said this

> Okla. where he expects to train for one to four months prior to going to Iraq.

Varney, a machinist, joined the regular army in July 1984. He went to basic training at Fort Leonard Wood, Mo. after which he as a combat engineer. After training he was assigned to the 99th Engineer

Company in Karlsrue, Germany until his release from active duty in July 1987. He served in the Kansas National Guard until 1989.

active duty to fill out Headquarters guard in April 2003. He has served Lutters of Burlington.

one to Germany in 2003 and to Fort Irwin, Calif., in April.

Varney, who works for V&E Xpress as a truck driver, graduated from Goodland High in 1984 where he wrestled and ran cross country.

Varney and his wife Lisa have two children, Blaine age 11 and Shaina 7. Other family in Goodland include Bryan's grandmother Gloria Kibel and Lisa's grandmother Darlene Walter. Lisa said they were notified on Aug. 11, their anniversary.

Specialist Lutters, a crane operator, volunteered for duty and will report to Fort Sill on Sept. 20. Derrick, graduated from Goodland High in 1999, is the son of Chuck Varney rejoined the national Lutters of Goodland and Marian

## Fire chiefs, fire board review purchase policy

#### By Tom Betz

The Goodland Star-News Sherman County commissioners explained their policy of buying locally to members of the rural fire board and two of the three rural fire chiefs Tuesday.

The chiefs admitted they may not have bought as much from local businesses as they could, but said outside suppliers send salesmen with fancy catalogs see them, while they haven't heard or seem much of the local vendors.

Rural fire board members Marvin Duell, Richard Allaman, Stan

#### Pettibone and Melvin Sieck were present, along with rural Fire Chiefs Kenny Griffith of Goodland and Willard Crumrine of Brewster. Board members Kevin Sanderson and Ken Palmgren did not make the meeting, nor did Kanorado Fire Chief Jay Pettibone.

Commissioner Mitch Tiede said they had asked the fire board members and chiefs to the meeting was to be sure everyone was on the same page on purchasing
