

Rains have given wheat new life; flu shots scheduled

We are enjoying the recent rains and the way they have given the wheat and other things new life.

It doesn't take a lot of rain to keep us happy, but it does take some. The wheat is just looking great, although we are hearing that a lot of it is having to be replanted due to crusting over — who'd have thought?

One of the most frequently asked questions, especially this year, is "When are the flu shots?" Thomas County Health Department has set aside Tuesday, Nov. 16, as the day for our flu shot clinic, and so far, I have not heard that there is any problem with shortage or anything.

It will begin at 10 a.m. and be until all the shots are given, so mark your calendar now. That is at 10 a.m. Tuesday, Nov. 16, at the Brewster Senior Center.

If there is any change in the plans, I will hopefully have time to let you know. The flu season isn't in full swing until around the first of the year, so even if the shots are a little later, there should be plenty of time

to get immunized before it hits full strength. We will have our regular blood pressure clinic on Tuesday.

Brewster citizens were sorry to hear about the loss of some former residents in the last few weeks. Bill Keck, a former area farmer, died in Colby a few weeks ago, and we send his wife Eva and children, Phil, Rick and Rita, our condolences. Bill was always friendly and had a smile and a joke to share.

Another former resident that has died is Lyle Fikan, who had a crop spraying business and lived in the area several years ago. He and his wife Jan had made their home in Oklahoma in the past few years, and we want her to know she has our

There are several who have been having some health problems, and we wish them a speedy recovery. First off, several of the football players are laid up with broken bones or sprains and such.

Ryan Allen, son of Don and Colleen Allen; Spencer Holm, son of Shane and Bonnie Holm; and Seth Carpenter, son of Wayne and Leisha Carpenter, are a few of the ones who have had some bad "breaks."

There have been some aches and sprains, but that is all part of the game, I guess. We do hope the bones knit quickly and strongly.

We haven't heard how Merle Parker is doing, but we hope all is well with him after his pacemaker surgery. From what we hear, he had a pretty close call, and we hope he is doing great.

Also, Troy Dillinger is receiving

sympathy. Also, we want Eva Lou Selby to know we are thinking about her due to the death of her father in Topeka earlier this week.

some therapy at Lantern Park Manor and is improving each day. Colleen Rall says her mother is battling several health issues, and we hope the best for Mickey Brooks, who is in Goodland. Last report on Sherry Horney is that she is improving from the pneumonia she suffered earlier.

Laura Withington, coordinator of the Retired and Senior Volunteer Program (RSVP) in this area, brought another "Big Blue Bash" over to the senior center on Wednesday, Oct. 6.

All of us who attended had a very good time. There were many fun games and great prizes, as well as the recognition awards for being program members. We thank Laura for all her hard work and diligence in seeing that we have a good time.

Anyone who is 55 years old or older and would like information about the organization can talk with one of the several members that are in each local community. It is a worthwhile group that helps us to become more useful citizens while enjoying the benefits of fun times and great gatherings.

In the last news, I wrote about my nephew and how I hoped I would be

able to meet his family. Well, I did, and he left two beautiful young daughters and a very active little boy behind.

I am sure they will be fine, but I also know they will miss their father very much, and I know they have family members who will be of help to them.

I was also able to see nieces and nephews that I haven't seen in many years. We all talked about how it would be much better to see one another at a family reunion of a different sort.

If you would happen to be one of the families that have annual gatherings, thank the Lord for that special blessing, and be sure to make every effort to attend.

It is much more fun to meet during a happy time than a sad one, and besides, the next gathering might be for your funeral, and you don't have a chance to enjoy that.

It won't be long until my sister Harriet and her husband Thurl Demaree will be Hays residents. It will seem strange, and I know they are having a hard time getting ready to leave Goodland, but I think they will be glad once the move is over.

We wish them the very best of everything.

The clocks will be turned back in a few weeks on Sunday, Oct. 31, and it would be nice to think that we could find that lost hour of sleep from the April time change, but after all the years we have done this, I don't think I've ever been able to take advantage of that extra hour.

As so many say, I wish they would leave the time alone, but I really don't know which time I would want it to be all the time. I love the dawn, but I also like later sunsets, so I guess the "powers that be" must know we are all hard to please.

The yards around the area are in full glory of the late fall flowers. The marigolds are blooming with all their might, as are the mums, which have so many different colors, and the dianthus and all the other fall flowers.

It will be hard to say good-bye to them in a few weeks. The tomatoes are really trying to get a bumper crop going, and we are enjoying the yellow ones this year. I hope you are all enjoying this nice weather while preparing for the winter. Have a great week, and I'll see you next time.
