## Everybody knows that adjustable beds are...

...adjustable. But who makes  
them? Where do they come from?  
Unlike some highly advertised  
brands, Flex-a-Bed makes its own  
from top to bottom...and it's great!  
You select the most comfortable  
position at the touch of a button,  
change whenever you want. A pair  
of twins, side by side as shown  
above, make up to look like a king-  
size bed, yet allow each of you to  
raise or lower your side independ-  
ently. Flex-a-Bed is sold right

here in town... for about the price  
of a top quality flat bed. So don't  
be confused by the ads. Come see  
it here today or call for free video!
