

4-H molds our future leaders

We salute the 4-Hers — today and yesterday — who work for the future in Sherman County. 4-H nationally has celebrated over 100 years, and has been here for over 80 years.

National
4-H Week

4-H is Kansas' only youth development program directly connected to the technological advances and latest research of Kansas State university.

4-H members learn leadership, citizenship and life skills through hands-on projects in science, engineering and technology, healthy living, or citizenship. Topics are as varied as rocketry, GPS mapping, public speaking, DNA analysis, photography, nutrition and community service.

4-H helps community's young people reach their full potential. Recent studies show youth who participate in 4-H do better in school, are more motivated to help others, feel safe to try new things, achieve a sense of self-esteem, and develop lasting friendships.

For more information, contact Dana Belshe or LaDonna Frerichs at the Sunflower District office in Goodland on the third floor of the Sherman County Courthouse, 813 Broadway or by phone at (785) 890-4880 or visit www.oznet.ksu.edu/sunflowerdistrict/index.htm. Please

show your support of Sherman County's 4-H youth by wearing the enclosed lapel pin throughout the week!

4-H is one of the largest youth development organizations in America with more than 6.5 million young people ages 5-19, 538,000 volunteers, 3,500 staff and 60 million alumni.
