 - Jordan Tally, 400-meter dash, 1:11, fifth.
 - Nathan Simonsson, triple jump, 23, sixth.
 - The 4x100-meter relay team of Urban, J. Fortin, L. Fortin, Juenemann, 55.8, second.
- A meet scheduled for Thursday in Oberlin was rained out and has been rescheduled for 3 p.m. Monday. The teams will go to St. Francis on Thursday for a 3 p.m. start.

Kids Day planned for state park

There will be a Kids Day at Prairie Dog State Park starting at 1 p.m. Saturday.

Youngsters can enjoy a fishing clinic, sponsored by the Longspur Chapter of Pheasants Forever, and an archery clinic, sponsored by the Norton Archery Club. There will also be a laser hunting and shooting

simulator, which will duplicate many hunting situations and target shooting scenarios.

The Norton Rural Fire Department will be out this year to talk about fire safety and show the kids one of their trucks.

All kids participating in the day will get a gift and will be registered

for prizes. They can also enter an essay contest for a chance to win \$100.

Youngsters should meet at the park office. Anyone interested in sponsoring an event or helping that day can contact the park office at (785) 877-2953.

Krone Big Pack Square Bailer

- wide pick-up; working width of 1.95 m or 2.35 m with 270 mm diameter and 5 rows of tines for clean crop pickup
- all standard channel dimensions for optimum loading of modern trailers
- with VFS (variable feeding system); ensures high bale density under all conditions
- large flywheel for low power requirement and quiet running

- feed rake drum drive with cam-controlled gearbox; no shear bolt replacement and automatic clearing of blockages
- slow-running baling ram for quiet running and reduced wear
- separate baling pressure display for right and left sides in the bale chamber
- hydraulic bale ejector as standard equipment

- pneumatic knotter cleaner with compressed air
- 4 or 6 knotters, 24 rolls supply of twine: very secure bales, sufficient supply of twice for long working days
- now also with double knotter
- MultiCut cutting mechanism for highest requirements (theoretical cutting length of 45 mm)
