Cards of Thanks

The family of Don Scott would like to take this time to thank all the doctors, nurses, aides and staff of Decatur Health Systems for the excellent care during the time of his illness and death. Thanks to the Methodist Ladies for the wonderful dinner, all the family and friends for the prayers, food, cards, phone calls, flowers, love and support during the loss of our loved one.

Alene Scott
Lee and Melanie Scott
and family
Mark Scott
Rick and Kay Danburg
and family

We would like to express our deepest gratitude for all the prayers, thoughts, love, support and cards we received through our most difficult time. It is a wonderful feeling to have so many people from so many communities come together and give a family the support like we have gotten. We would like to thank all those who helped with, attended, or sent cards for the benefit held for us by the St. Joseph's parish in

New Almelo. Most importantly we would like to thank everyone for the prayers we have received and continue to receive. We also need to thank everyone for the help around the house that we received while we were in and out of town. A person never knows how important love and support from their friends and family really is until they are put into a situation where they are totally surrounded by it. Once again, thank you for everything you have done, it is greatly appreciated.

Sincerely,
Dustin, Tonya,
Nolan and Ella Juenemann*

Thank you to the OBA and to those judges who chose our house as first place in the Christmas Lighting Contest. We are very appreciative.
Bernie and Frieda Goetze*

Thank you for the caring concern, friendship and so much kindness during our recent time of grief.

Don, Genola, Bonnie Clausen
and family

What does your bale feeding area look like?

This side-by-side field test shows the comparison between the new Convert-A-Bull feeder insert and the conventional feeder. Nine cows per feeder for three days. You be the judge!

It's your hay, and your money to save!
Field test show up to a 25% feed savings.

The Convert-A-Bull fits universally over 8' diameter bale feeders and funnels hay to the center for maximum feed savings. It also prevents spoilage by keeping the hay off the ground, and in turn cattle consume the entire bale without waste or build up.
