David New

Dear Dad....

My dad is so much fun! My dad's name is Gene Soderlund. He is so much fun when my brother and I are bored he will go outside and we will play basketball, baseball, and he will even play volleyball with me! My dad works at the Co-op. He works really hard. I think he should be Father of the Year because he works so hard to help everybody be happy. If anybody is mad or sad in my family he is always there for us!

My dad is so cool!!! He supports me in everything I do. He gives me a lot of tips on how to get better on a lot of things. He does a lot of them with me. He works at Gorman Tarps. He lifts heavy tarps and poles to get them on trailers he works on. When he comes home at night and we see him all dirty we all say, "He's been working on a trailer all afternoon." Then we all start laughing. He is really funny. We like to joke around with him. He is the best dad you could ever have!!!

My dad is Dan Nedland. he is the most wonderful, most awesome, coolest dad ever. He knows many things about science, helps me with my homework, and does stuff with me. Dad always has time to play with me. Dad is a geologist. He always helps me in 4-H when I work on my geology project. Also, when he was little, he did entomology, so he helps me with entomology.

Whenever I have math homework, my dad made up a game called "math races". We write down the problem, say, "Ready, set...Go!!" and then we complete the math problem as quickly as possible. Afterwards, we check the problem, and it's really fun.

If I get really bored, Dad will always play games with me, helps me with my homework, and teaches me interesting things about science. I think he is the absolute best Dad ever.
