Cards of Thanks

We express our heartfelt gratitude to each individual who helped us both before and after the death of Gary D. Rowley. We appreciate the time and effort made, the food brought, the cards and letters sent and the prayers and emotional support. The attendance at the funeral, the military graveside service, the visits to the house and the memorial gifts to the Nature Conservancy are very meaningful to us.

Public Notice

Prairie Dog Creek WTAP Sign-up Period Starts September 1

The State Conservation Commission will begin accepting applications for the new water right retirement program, WTAP, beginning September 1.

WTAP is a voluntary, incentive-based program designed to help restore aquifers and streams in critical areas. The Prairie Dog Creek basin has been selected as a pilot project area because it is significant in the State of Kansas' efforts to maintain compliance in the Republican River Compact with the State of Nebraska.

Applicants who are selected for WTAP grants are compensated by the State Conservation Commission in exchange for the permanent retirement of a water right. Priority is given to retiring water rights in areas which would have the greatest impact on the stream system. WTAP grants are approved on the basis of competitive bids and the fair market value of water rights.

To be eligible, water rights must have been actively used in the last 10 years. Dryland farming is permitted after a water right is retired. Limited irrigation can be temporarily allowed to establish a permanent cover on the land being transitioned from irrigation. Partial water right reductions can also be considered for retirement grants.

The first sign-up period will be September 1, 2007 through November 15, 2007.

For more information, contact Steve Frost, Water Conservation Program Manager, at 785-296-8964. Complete WTAP rules and regulations, applications, maps, and other details are posted on the SCC web site at [HYPERLINK "http://www.scc.ks.gov"](http://www.scc.ks.gov) www.scc.ks.gov
