Corrections

The results for 4-H Day in the March 12 issue of *The Oberlin Herald* said that Samantha Anderson received a red ribbon for her instrumental entry. She actually received the alternate regional blue. This was the result of incorrect information given to the newspaper.
☆☆☆☆
The weather report in the March 12 edition incorrectly gave precipitation for March 5 as zero. Precipitation for that day should have been .04 of an inch. The totals in this week's weather report should be correct. This also was the result of incorrect information given to the newspaper.
☆☆☆☆

The Oberlin Herald will correct or clarify any mistake or misunderstanding in a news story. Please call our office at 475-2206 to report errors. We believe that news stories should be fair and factual, and appreciate your calling to our attention any failure to live up to this standard.
