Honor Band selected

By LAKIN BROWN

Seven Junior High band students have been selected for District Honor Band: Hannah May, Flute; Darbi Rouse, Oboe; Zach May, Trumpet; Baron Green, Trumpet; Elizabeth Nedland, French Horn; Matthew Helm, Trombone; Matt Glading, Baritone.

To be selected for honor band, the students had to learn the audition piece and then send in a recording, which competes against all the other Junior High schools in the Northwest district.

These seven students will go to Hays on Nov. 1 to rehearse all day and then give a concert that afternoon.

"The Junior High worked really hard to learn their audition piece and make it into District Honor Band," said band instructor Sarah Bricker.

Special photo CDs available at school

The Decatur Community High School Journalism Department took over 600 pictures during Homecoming Week. We have pictures of the following: window decorating (30 pictures), float building (130), bonfire (94), assembly/parade (110), dance (148), game (115).

Choose any two events, and we will burn you a CD for \$5. For ex-

ample, if you want pictures of float building and the dance, let Brenda Breth know, and we will burn you a CD, and the cost will be \$5. If you want pictures of float building, the dance, the bonfire, and the game, we will burn two CDs, and the cost will be \$10. All three CDs cost \$15.

You can contact Mrs. Breth at bbreth@usd294.org.

Black shirts awarded

By ELISHA JONES

Every two weeks, the coaches pick one athlete from their program who has shown a positive attitude, good effort, and has provided a positive influence for their teammates to follow.

The shirts are handed out on Fridays. Athletic director Joe Dreher says that the shirts are a way to get kids motivated and are something for them to look forward to as a reward for their positive attitude and good effort.

Black shirts were awarded to Nathan Simonsson, Elisha Jones, Andrew Richards, Kennedy Fortin, and Hannah May.

The main goal from most schools was "unity." Other goals were pride and enthusiasm.

Magazine sales begin

By TAMARA KETTERL

Once again, the time for magazine sales is here. Students in grades 9-12 will be selling magazines to raise money for Student Council and their classes.

The school gets 40 percent of all subscriptions, so if you need to renew your magazine, please let a Decatur Community High School

student know. The class that sells the most subscriptions will earn 50 points toward their class wars.

The top salesperson will win a Fat Head (worth \$100) and \$30 in cash.

If you would rather order magazines online, go to www.qsp.com and click on "Just shopping."

Council attends conference

By FARRA MCCHESENEY

Quinter High School hosted a Regional Student Council Conference on Monday, Oct. 6. Adviser Brenda Breth took eight Oberlin members to the conference: Nathan Simonsson, Annamarie Larue, Chris Larson, Jay Wessel, Farra McChesney, Heather Ploussard, Ashley Horton, and Jacob Helm.

When Stuco members first arrived at the conference, they were given a sheet of paper. On the paper were numerous blanks meant for signatures and various categories such as "Cross Country Runner." Members from all schools had to find a different person to sign each one. The activity was meant

to get students to interact between schools. Heather Ploussard and Farra McChesney were first and second to finish.

After the signature hunt and donuts, Stuco members piled into the auditorium for a welcome from Quinter's Stuco President, Edward Machen. Edward introduced "Running Scared," a band of five Quinter High School members, to perform for entertainment. After "Running Scared" performed two songs, students listened to guest speakers David Cherry, an executive from Kansas State High School Activities Association, and Rob Miller, a former high school and college basketball coach.

Mr. Miller asked everyone to write down one word that described each member's own school. Then he asked everyone to write down one word that each member wanted their school to be by the end of the school year. From Oberlin, the main focus became "Unity."

Oberlin members decided that our school needs to work on "Unity" and "Togetherness." Each school then discussed ways they could accomplish their goals. They made posters and shared their ideas with the entire group.

The main goal from most schools was "unity." Other goals were pride and enthusiasm.

shorst, Keatra Fisher, Cassidy Shields, Sierra Lohofener, Haley Schiessler, Jordin Wasson, Channing Farr, Ben Glading, Caleb Koerperich, and Ryan May.

Colonoscopy. The Tests No One Wants To Talk About.

Colorectal cancer is the third most common cancer in the U.S. — and the second deadliest. If people only knew the benefits of colorectal screening, and colonoscopy in particular. **Cancer Prevention.**

Colon cancer screening and removal of pre-cancerous polyps can actually prevent cancer. Colonoscopy is a simple procedure with demonstrated effectiveness in detecting cancer or pre-cancerous polyps at a much earlier stage. **Improved Survival.**

Early detection markedly improves the chances of long term survival. If detected early, the five-year survival rate is as high as 91.4%. Survival rates drop dramatically for colon cancer detected in later stages. **Test To Detect Cancer**

If you are among the 50% of all Americans

who have not had a recent colorectal cancer screening test, talk to your physician or call Southwind Surgical to schedule a colonoscopy when we're in your local hospital. Our surgeons travel throughout the region providing outreach services.
