

National Agriculture Week

March 5-11

The Farmer

He is up before the sun and his work doesn't end at 5 o'clock.

He's out there in all kinds of weather every day of the year.

We count on him for everything: from the food we eat, to the clothes we wear, to the chemicals we use.

He's the American Farmer!

We're proud to honor him and all the men and women working in agri-business, for their contribution to the American way of life.

This message sponsored by these area businesses:

Let us assist you with your grain pricing and targets. We will provide you with up to date market reports and historical market data.
