

T-teams have a ball

They don't keep score and you get to take as many swings as you need before you hit the ball.

There is no outfield, but the infield is packed with players.

It's T-ball, the sport of the youngest summer ball players, kids age 3 to first grade.

This is where they learn the fundamentals of softball and baseball – like after you hit the ball, you're supposed to run to first base.

And safety is a big item: Keep your eye on the ball and your batting helmet on your head. It's normally better to stand rather than sit on the base, and try not to run into any other fielders while chasing the ball down.

Girls invited to basketball camp

Girls entering the first through eighth grades can attend a basketball camp at the Decatur Community High gym next week.

The camp will be taught by the coaches and members of the Lady Red Devils basketball team.

There will be two sessions – one for younger girls and one for older girls – from Monday through

Wednesday.

Girls going into the first through the fourth grades will meet from 8:30 to 10 a.m. and those going into fifth through eighth grades will meet from 10 a.m. to noon.

The cost is \$30 per student or \$25 each for families with more than one girl in the classes.

"This camp is open to all girls,"

said girls basketball coach Terry Ream. "We believe that working with you will be beneficial to both young and old, and we are very excited for this opportunity."

This is the third year for the Lady Red Devils' basketball camp, he said.

For questions, call Mr. Ream at 475-3004 or 470-1441.
