**NOTICE OF PIPELINE APPLICATION**  
 Take notice that on August 6, 2012 at Docket No. CP12-495-000 Kinder Morgan Interstate Gas Transmission LLC ("KMIGT") with its business address located at 370 Van Gordon Street, Lakewood, Colorado 80228, filed an application with the Federal Energy Regulatory Commission ("FERC") for authorization to: (1) abandon certain mainline natural gas pipeline facilities and the natural gas service therefrom by transfer to an affiliate, Kinder Morgan Pony Express Pipeline LLC ("KMPP"), for the purpose of converting the facilities into crude oil pipeline facilities; and (2) construct and operate certain replacement-type facilities necessary to continue service to existing natural gas firm transportation customers following the proposed abandonment. A map depicting the general location of the proposed facilities is depicted above this notice. KMIGT has requested the issuance of a final order from the FERC granting the project by May 1, 2013. This approval schedule will enable KMIGT to meet an in-service date of August 1, 2014. The project, upon approval by the FERC, will authorize the reconversion of a portion of the Pony Express Pipeline back to the transportation of crude oil as it was prior to 1997. A representative of KMIGT will contact all landowners that are directly impacted to discuss the purchase of easements, if necessary, and other rights necessary with the proposed construction of the expansion facilities. Representatives will also discuss, with all landowners directly impacted by the proposed project, payment for damages, construction and restoration methods that will be utilized on the property, as well as specific concerns you may have. If at any time you have questions or concerns about the project you may contact KMIGT toll free at 888-212-9346. The FERC has published a pamphlet entitled "An Interstate Natural Gas Facility on My Land? What Do I Need to Know?" This pamphlet, which can be viewed at the FERC's web site at <http://www.ferc.gov>, contains information about the FERC's regulatory process and includes information on how you can participate in the regulatory review process. The FERC's Federal Register Notice of the application has been mailed to affected landowners and governmental entities. The notice, together with the pamphlet mentioned above, contains information on how to intervene or comment in the FERC's proceedings. For additional information you may also contact FERC's Office of External Affairs by telephone toll free at 1-866-208-3372. A copy of KMIGT's application filed with the FERC at Docket No. CP12-495-000 is available at the FERC's website indicated above under the "elibrary" link and an electronic copy is available for review at various public libraries. For a list of these libraries please contact KMIGT toll free at 888-212-9346.
